Certificate in Agriculture
Hadlow College

Professional Accomplishments

Brought Black Earth Farming (Agroinvest) from loss to \$2.1m profit by labor reorganization and improved employee management.

Increased wheat yields 1 t/ha on 8500ha and increased spring barley yield 0.5 t/ha on 3500ha.

At Trigon Russia, increased rape yield by 0.2 t/ha throughout 2000ha of farmland. Reduced fuel costs while retaining yield for a savings of between €10 and €20/ha.

Reduced the sowing and spraying costs of Velcourt Ltd by up to €30/ha.

Through the use of a cutting-edge drying system, increased wheat yield to 10.5 t/ha while significantly reducing weed problems.

Adapted crop rotation methods to increase labor and machinery efficiency.
